Individual Abstracts

- All individual abstracts must be 500 words or less. Submitters will be asked to categorize their abstract into 1 of the 18 Program Areas. Individually submitted abstracts will be paired with discussants that can offer constructive suggestions on the abstract. We will do our best to make that happen, but recognize that it might not be possible, in which case we'll do our best to identify someone else.

- Individual abstracts not selected by the scientific review committee for inclusion in a session will be considered for inclusion in the poster session if requested by the author during the submission process.
Individual Abstracts

If you are interested in submitting a session but need additional abstracts to complete your session, we invite you to review the Single Abstract Listing which will be updated weekly as submissions are received. This listing includes the program area and abstracts for each single abstract submitted for inclusion in the 2022 ASHEcon Conference. If you find an abstract (or abstracts) in the listing that you would like to use to create or fill out a panel, we encourage you to reach out to the author (contact information is in the document) and see if they would like to be part of the panel. If they would like to be part of the panel, they would need to withdraw their single abstract submission (they can do this by logging into the abstract system via the link in the confirmation email received when the abstract was submitted) and resubmit the abstract as part of the new panel. Fully submitted organized session submissions have an average acceptance rate of 80% compared to 40% for single abstract submissions.
Step One

Open the Call for Proposals page: Call for Papers (confex.com). Scroll down the page then click ‘Submit an Individual Abstract’.

Step Four - Participants Continued

3. To add additional authors or a discussant, click ‘Add a person’. As you add a new person, they will appear on the screen like the image below. After adding additional authors or a discussant, click ‘Abstract’ to continue.

Add/Edit People

In this step, please indicate the person who will serve as the presenting author of this paper as well as any co-authors. You are not required to list all your co-authors at this time.

To add authors (presenting, co-authors), click on the "Add new person" button to add each author. To change the presenting author of this abstract, please use the radio buttons in the 'Presenting Author' column to indicate appropriately. The presenting author is the person that will ultimately need to accept intent to present by the deadline. If you are no longer the presenting author and are giving that role to someone else, he/she will receive a new notification with personalized link to accept intent to present.

Note: once you assign the lead presenter role to someone else, you will no longer be able to see the presentation in your own Speaker Center or make edits to the session.

Note that you must click the ‘Save’ button once you finish reordering with the arrows.
